Matched Giving

Empowering Members and Lodges to engage with their communities and support the causes that matter to them

Now more Members can get more money for more charities through our expanded Matched Giving program.

Freemasons have been at the heart of local communities for centuries

Today they give, fundraise and volunteer for a broad range of social issues helping people in need.

Here's how the Freemasons of Queensland and Papua New Guinea can access our expanded Matched giving program to support the causes that matter to them in their local community.
